

Top reasons to take the live class!

- *Do it right the first time and get it over with!**
 - *You are the type of person that needs information explained.**
 - *Embarrassment - lets face it, this doesn't look good 😞**
 - *You are not computer friendly.**
 - *The re-take fee for the exam is \$98, so are you really saving money doing it the cheap way and paying the retake fee again and again?**
 - *If you fail you will have to take off more work (how much do you make per day?)**
 - *Driving/Gas/Parking - how many times are you going to go to the testing center?**
 - *You lose recruits if you are a company hiring as they get discouraged.**
- The process time is predefined and you know when you or your agent will be licensed.**
